Subject: SB 1129

Please vote in favor of this bill. The bill adds manslaughter, persistent dangerous felons and sex offenders, aggravated sexual assault of a minor and assault of a pregnant woman resulting in loss of fetus as crimes for which a person cannot earn risk reduction credits.

The bill also requires that a prison warden review and sign off on risk reduction credits earned by an inmate.

I believe these changes will help improve public safety.

Thank you for your favorable vote.
